

**LIFE IN THE DARK
IS NOT COOL.
GET POWER BACKUP.**

Live life uninterrupted.

Ever felt helpless during a power blackout?

With our power back up solutions, you can now go about your home activities totally uninterrupted.

WHAT YOU NEED TO KNOW.

Why should I buy a Power Back-up?

- Uninterrupted power supply with seamless transition
- Highly cost-effective compared to Diesel Generator; savings from 5 litres of fuel every hour.
- No pollution at all
- No noise

What size of Power back-up do I require?

- We help you in sizing to perfectly match your power needs
- Our solutions are cost effective and tailored to suit your needs & desire

Who does the Installation? Is there an after sales Service?

- Our experienced technical team is available to install for our customers upon request. Installation costs vary depending on the system size established after a site survey.
- Chloride Exide offers an after sales service through annual service contracts arrangements.

Do you offer a Warranty?

- We offer Manufacturer Warranty of either 1 or 2 years depending on the brands used.

What does it cost me?

Contact us today for your free site assessment to establish the costs.
